

What are the student's weaknesses?

Artemis initially lacked a bit of confidence when demonstrating her knowledge & hands on skills, however, this rapidly grew as the placement went on.

What area(s) of professional development would you suggest that the student focuses on in the next 12 months?

Finding evidence based treatments for conditions.

Other comments (if printing please continue on a separate sheet if necessary)

Artemis is a very knowledgeable student, with a lot of empathy for patients. She connected very well with all the patients she treated. She will be an asset for anyone she works for, I wish her all the best for the rest of her studies.

Would you be prepared to offer a placement, at a convenient time, in the future?

Please choose:

Thank you for offering a placement to a student from Plymouth Marjon University and for taking the time to provide us with valuable feedback. If you would like to discuss anything regarding the students' performance please contact their University Placement Tutor (UPT).
