Statement of Originality

I confirm that I have fully acknowledged all sources of information and help received and that where such acknowledgement is not made the work is my own.

Name: Abby Cooper

Dated 11 May 2020

Acknowledgements

Throughout the writing of this educational project I have received a great deal of support and assistance and as a result I would like to thank the following people. Without I would not have been able to complete this project, and without whom I would not have made it through my Honours degree.

I would first like to thank my educational project supervisor, Jan Gourd, for her support, encouragement and guidance through each stage of the process and overall insights in this field.

I would also like to thank the BA (Hons) Primary Education team, who supported me with my late entry to the course, and who went above and beyond to extend a great amount of support.

I would like to thank my friends for being there to provide a happy distraction to rest my mind outside of university, especially in the current climate.

Finally, I would like to thank my family and my partner Euan for the unconditional support during the compilation of this project. Thank you for all the love, patience and encouragement – I could not have done this without you all.
