

If the student is completing more than one placement a checklist needs to be completed for each placement.

Students are required to complete and submit **Checklist A**, to their University Placement Tutor (UPT), by the published deadline in **week 20**. Completing this task will demonstrate whether the student has met Learning Outcome 1 of the module. Final assessment grades will reflect whether this deadline is met.

Learning Outcome 1:

Demonstrate the ability to positively engage in the preparation, planning, and initiation of a period of placement learning in a programme related environment.

Students who are not in receipt of extenuating circumstances, who submit incomplete checklists or who submit their checklist past the deadline will only receive a maximum of 30% (UMJD90) or 4% (SPOH01) of the marks available for this element of the assessment task.

A complete checklist (parts A & B) should be included and submitted with your final placement portfolio.

The checklist is colour coded to signify who should 'sign-off' each action. It is the student's responsible to ensure that the relevant person does this.
